

EfficienSea2 Conference:  
**GETTING CONNECTED  
TO THE FUTURE**

8-9 November 2016

This project has received funding from The European Union's Horizon 2020 Research and Innovation Programme under Grant Agreement no. 636329

- Navigation

IMO concept

E-navigation is defined as

*“the harmonized collection, integration, exchange, presentation and analysis of marine information on board and ashore by electronic means to enhance berth to berth navigation and related services for safety and security at sea and protection of the marine environment.”*

- 2005 Idea.... Letter to IMO
- 2006 On the IMO agenda
- 2008 Strategy for e-Navigation
- 2014 e-Navigation strategy implementation plan
- 2015-19 Implementation of MSP

Results so far...

Standardised digital services

Afternoon; Administrative burden

Tomorrow afternoon; Navigation

Platforms (fast track and long term)

Tomorrow morning

Communication framework

This morning

Communication channels

(Tomorrow morning)
